

HOWTEK SCANMATE™

ScanMate F6 **EASY**

best price performance

Resolution

3000dpi True Optical Resolution;
up to 9000dpi optical enlargement

Speed

20 scans per hour; single pass up to
300,000 pixels/second

Scanning Area

8.3" x 16.5" transparencies

11.7" x 16.5" reflective

Technology

tri-linear 8,000 element CCD flatbed
with zoom lens scanning

Dynamic Range

3.7 optical density; 4.0 DMax

Color Output

48 bit color; 16 bits per channel

Focus

Automatic or user-adjustable

Light Source

fluorescent lamp

Interface

standard SCSI-2

Software

Trident™ Photo Edition included

ScanMate F8 Plus **FAST**

best productivity

Resolution

4000dpi True Optical Resolution;
up to 11,000dpi optical enlargement

Speed

50 scans per hour; single pass up to
600,000 pixels/second

Scanning Area

8.3" x 16.5" transparencies

11.7" x 16.5" reflective & Copy Dot

Technology

tri-linear 8,640 element CCD flatbed
with zoom lens scanning

Dynamic Range

3.7 optical density; 4.0 DMax

Color Output

48 bit color; 16 bits per channel

Focus

Automatic or user-adjustable

Light Source

fluorescent lamp

Light Table

built-in 5000° light table for viewing
originals

Interface

standard SCSI-2

Software

Trident™ Photo Edition included

ScanMate F10 **GREAT**

highest quality

Resolution

5400dpi True Optical Resolution;
2500dpi True Optical Resolution across
entire platen; up to 13,000dpi optical
enlargement

Speed

50 scans per hour; single pass up to
600,000 pixels/second

Scanning Area

12" x 16.5" transparencies

12" x 17" reflective

12" x 17.3" Copy Dot

Technology

actively cooled tri-linear 10,200 element
CCD flatbed with zoom lens and "XYZ"
scanning

Dynamic Range

3.7 optical density; 4.0 DMax

Color Output

48 bit color; 16 bits per channel

Focus

Automatic or user-adjustable

Light Source

fluorescent lamp

Light Table

built-in 5000° light table for viewing
originals

Interface

standard SCSI-2

Software

Trident™ Photo Edition included

ScanMate Options

ColorQuartet

scanning software

ScanDot

rescanning screened films software *(not available for ScanMate F6)*

MouseFree

fully automatic scanning software

EasyMount

mounting table

DustFree

magnetic templates
