# hp designjet 1050c and 1055cm

HP Designjet 1000 Series printers are high-speed network printers for CAD and technical departments, delivering fast, accurate line drawings, complex 3D renderings, and maps at maximum speed.

Everyone who needs large-format prints—architects, engineers, and GIS professionals—agrees on what the ideal printer should offer: clarity and precision, superb line quality, true color right across the spectrum with minimum user intervention, and a choice of media—all at top speed. Because top quality plus a quick turn-around means increased productivity.

The innovative design and engineering of the HP Designjet 1000 Series printers has been fine-tuned to ensure dependability and remarkable capability.

Exclusive HP Designjet imaging technology delivers uncompromising image quality at top speed. Smart printing tools provide customers with low cost of ownership, a simple to use interface, and a high degree of unattended printing.

## high speed

- HP Jetexpress™ technology ensures high-speed printing through wide printheads and high nozzle volume—without sacrificing image quality
- Print D-size (2- by 3-foot) color line drawings in less than one minute\*

## uncompromising image quality

- Brilliant images with 600-dpi color resolution
- 1200-dpi addressable for precise black lines
- Precise ink placement ensures crisp, sharp lines and text

## smart printing

- Built-in smart chips in HP No. 80 ink supplies identify low-ink levels and worn printheads
- High-capacity HP No. 80 ink cartridges and long-life HP No. 80 printheads mean fewer supplies changes, unattended printing, and low cost of ownership
- HP dual-paper feed system for cut-sheet loading without removing the roll
- Genuine HP languages—the industry standards—for compatibility with virtually all major applications

\*Mechanical print time only. Cadalyst 4775 line drawing printed in Draft mode on HP Bright White Inkjet Paper (Bond).

The **hp** designjet printing solution—**hp** printers, ink systems and printing material—engineered and tested together to ensure uncompromising print quality, performance and reliability.

## hp designjet printing supplies

HP Designjet Printing Supplies maximize the performance of your HP Designjet system. The portfolio of supplies consists of high-performance products for a variety of printing solutions that ensure uncompromising print quality, performance, and reliability.

- Adobe PostScript 3 support available
- Includes ZEH raster for HP software, to enable UNIX and Linux users to print TIFF and JPEG files directly to the printer
- Built-in network card makes network integration easy and cuts processing times

### simple to use

- Queuing, nesting, multiple copies, roll feed, and automatic cutter for efficient, unattended printing
- HP Zoomsmart scaling technology for easy, large-format printing from any Microsoft Windows application
- 300-foot media rolls allow for high-volume printing without intervention
- Optional take-up reel

### hp warranty and support

- One-year warranty delivers free, on-site, next-business-day service, backed by HP support centers around the world
- HP Supportpacks and service agreements allow you to extend your warranty to up to five years

### hp designjet 1050c

- 16 MB, upgradable to 128 MB
- Adobe PostScript 3 upgrade kit available (32 MB memory required, hard disk recommended)
- 2 GB hard disk kit available (32 MB memory required)
- Optional take-up reel
- C6074A (36 inch)  
US list price \$8,995

### hp designjet 1055cm

- 32 MB, upgradable to 128 MB
- Includes Adobe PostScript 3 RIP, PostScript drivers for Windows 95/98, Windows NT 4.0 and Macintosh (7.1–8.0 QuickDraw)
- Built-in 2 GB hard disk drive
- Pantone certified
- Optional take-up reel
- C6075A (36 inch)  
US list price \$11,995
