MC-900

MC-900

The MC-900 comes standard with variable speed motorized column, LED height indicator, keyboard control of all camera and column functions, programmable column moves and much more. The MC-900 can handle your duping jobs, title slides and copy art up to 11" x 14". The footswitch, 2x2 mounted slide carrier, Omega D5500 4x5 colorhead, autcycle, forward/reverse transport, 400 foot

magazines and pin registration are not expensive add-ons, but standard equipment to make your 900 a complete system. If you need the speed of 140 frames per minute, programmable column moves or the optional programmable 4x5 compound, then the MC-900 is just what you need. Autofocus may now be added to the MC-900.

MC-900
