

*The Complete Business
Scanning Solution***Your Most Productive Business Imaging Tool****Designed for Professionals**

The Astra 2400S sets the new standard in business scanning by combining the speed and high performance of scanners costing hundreds of dollars more with the most comprehensive software bundle available and the flexibility to make your business more successful.

High Quality

With high quality optics, the Astra 2400S offers 600 x 2400 dpi optical resolution (9600 x 9600 dpi max.) for crisp, scaleable images. UMAX' patented Bit Enhancement Technology and a 10-bit A/D converter provides superior 36-bit color output for sharp, vibrant colors with detailed highlights and shadows.

With a high performance scanning engine, easy to use software, and optional document feeder and transparency adapter, your projects will be finished in no time.

Comprehensive Software

The Astra 2400S includes a comprehensive software collection to meet all your business scanning needs: image editing, document management, web authoring, desktop publishing, text processing, copying, forms processing, and more.

- Adobe® PhotoDeluxe® Business Edition*—Easy to use for creating all kinds of business documents
- Adobe® Acrobat®—The industry standard for creating and sharing documents
- Adobe® PageMill®—Fast and easy Web page creation
- Adobe® PhotoShop® LE—Powerful image editing
- Presto! PageManager 98™—Complete document management
- Presto! PageType™—Fill in forms on your computer. No typewriter needed
- OmniPage® LE OCR—Scan text into your word processor or other applications
- UMAX Copy Utility—Make copies in seconds with your scanner and printer
- UMAX VistaScan Scanner Driver—Easy and powerful scanning interface

UMAX
